Literacy Leader Coaching

Leveraging existing teaching staff

Educator training

Data collection

Reading Assist's Literacy Leaders Coaching Model empowers schools to support struggling readers by leveraging their existing teaching staff.

Educators undergo two weeks of training in our accredited Reading Intervention Program, equipping them to deliver structured literacy instruction one-on-one or in small groups within their schools.

To ensure effective implementation, Reading Assist provides a trained Literacy Leaders Coach who supports educators through observations, feedback sessions, testing, and data collection.
