

Compound Word Pictures

Reading Assist

This set has pictures in groups of three. Two pictures are put together to make a new compound word, e.g. cup + cake = cupcake.

PREPARATION AND MATERIALS:

- Print the Compound Word Pictures game cards on card stock.
- Laminate (optional) and cut out cards.

WAYS TO PLAY:

- Set out a few compound word cards and spread out the corresponding single word cards. Players then search for the two cards that make the compound word. They should say each word, then the new compound word.
- More advanced: Spread out a few sets of both compound word and single word cards. Players match up the sets, saying each word, then the new compound word.

Reading Assist helps children with reading challenges reach success through high-impact tutoring and educator training.
