Reading Assist

Student Profile

Reading Assist targets students in **the lowest 10% of reading performance** relative to their peers.

Partner schools recommend students who are **non-responsive to traditional intervention**.

After initial testing to confirm program eligibility, Reading Assist provides a one-on-one tutor to work with each student throughout the year.

88% of students tested at the beginning of this school year scored in the *at-risk* category.

98% scored *below grade-level benchmark*.

2021-2022 Student Numbers (1)

During the 2021-2022 school year, **97 Reading Assist Fellows** worked with, and tested at least once, **557 students from 28 schools in four districts, including 8 charter schools** across Delaware.

505 students have received consistent services* this year. Data in this report represent this group of students.

Student Grade

**Consistent services means a student has been tested during at least two benchmarking periods in at least one measure or has been tested in at least two measures.*

Student Reading Growth

As a whole, students have grown in **four out of four early and intermediate reading skills**.

Students are assessed in any of six Acadience measures:

1. First Sound Fluency (FSF)
2. Phoneme Segmentation Fluency (PSF)
3. Nonsense Word Fluency - Correct Letter Sounds (NWF-CLS)
4. Nonsense Word Fluency - Whole Words Read (NWF-WWR)
5. Oral Reading Fluency (ORF - Fluency)
6. Oral Reading Fluency - Accuracy (ORF - Accuracy)

*Data for these measures is 'At Middle of Year' (MOY) to 'By End of Year' (EOY) given low student numbers at Beginning of Year (BOY).

Note: Beginning of Year (BOY) proportions include progress monitoring data.
